Dear donors and partners!

Eid al-Adha is passed by our brothers and sisters in Palestine under the shadow of Israeli oppression. In many countries of the world, the blood and tears of our brothers and sisters spend their days under persecution, especially in Palestine.

The pain of our brothers and sisters who are struggling to survive, they have problems and the test on this holiday is something very sad. Our brothers and sisters who are downtrodden and suffering, we can renew our brotherhood by sharing and we can create holiday awareness by strengthening our togetherness.

Dear brother!

37,872 families benefited from the 2,104 shares of sacrifices we performed in Jerusalem, Gaza, West Bank, Indonesia and Turkey. Through the distributed meats, the prayers of our oppressed and downtrodden brothers and sisters were received and their joys and sorrows were shared.

You can participate in our sacrifice program by real effort and contribution to them. I would like to offer this opportunity to you, who are partners in the program for people in need, thank you for what you have done in these blessed days with us.

On this auspicious day, we hope that our good intentions and efforts will be accepted by Him. We pray to Allah SWT (c.c) that it will be a contribution to the victory and peace of our oppressed brothers and sisters in Syria, Rohingya, East Turkistan and especially Palestine; and wasilah for the Islamic world to get goodness, abundance of blessings, health, and prosperity.

MUZAFFER SEYYAHOĞLU
